DMA is pleased to welcome you to 11th Women Entrepreneurs Conference.

Entrepreneurship is often said to be the ability and readiness to develop, organize and run a business enterprise, along with its uncertainties. This has been given a thrust through launch of Start up India, Make in India, Atmanirbhar Bharat. In the recent times, a number of Women have found self employment through starting enterprises, and employing others during their entrepreneurial journey. Over time some have scaled up and are now running very successful business while for some the struggle is still on, a difficult terrain to walk on, inspite of the existing Ecosystem for Entrepreneurship. Very often however it is seen that they are not aware of the provisions and policies which can pave their path. The present pandemic has further put things out of gear, thus increasing the struggle.

Network of Women Entrepreneurs @ DMA (NOWE), once again this year brings together a well curated one day Conference for Women Entrepreneurs. With a special focus on the present scenario. The theme of the Conference is " Changing Landscape for Entrepreneurs-- Aspire, Adapt, Achieve".

A distinguished Panel of Speakers from India and Overseas, representing different segments of the Ecosystem for Entrepreneurship, Decision Makers from Government, Investors, Funding Agencies, & Capacity Builders, besides successful Entrepreneurs themselves, will share the policies, provisions and nuances through plenary talks and panel discussions.

This Conference through learnings will be an opportunity to Explore and Experience the existing Framework of Entrepreneurship by Progressive and Successful Entrepreneurs, Starters and Budding Entrepreneurs and for them to Aspire, Adapt and Achieve.
